

# Entertainment Hoist Servicing

ShowQuip offers two complementary cost-effective service plans to ensure that function, safety and reliability of your hoists are maintained.

## Periodic Service

- Complete strip down and visual inspection of:
  - housings
  - chain condition
  - top and bottom hook assembly
  - load wheel and chain guides
  - bearing wear
  - gearbox wear
  - motor condition
  - contactors, limit switches and terminations
- Check lubricant condition; remove and clean if necessary
- Reapply approved lubricant where required
- Seal bearings to housings
- Clean and check brake disc assembly
- Measure and set brake disc clearance
- Reassemble
- Static load test clutch and brake using certified test equipment
- Electrical test and tag hoist

**POA**

## Frequent Service

- Visual inspection of:
  - housings
  - chain condition
  - top and bottom hook assembly
  - chain guides (entry and exit)
  - gearbox seals
  - limit switch operation
- Measure and set brake disc clearance
- Static load test clutch and brake using certified test equipment
- Electrical test and tag hoist

**POA**

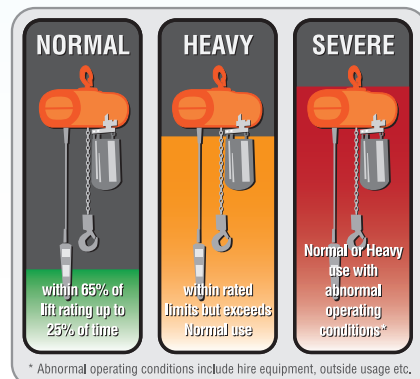

ShowQuip's hoist servicing programme is based on manufacturer's recommendations as follows:

Hoists in "Normal Use" require an initial Periodic Service followed by a Periodic Service every 3rd year with annual Frequent Services between.

Hoists in "Heavy Use" require an initial Periodic Service followed by a Periodic Service every 2nd year with an annual Frequent Service between.

Hoists in "Severe Use" require an initial Periodic Service followed by a Periodic Service and/or Frequent Service(s) – schedule to be determined.

The prices quoted are for hoists delivered to ShowQuip premises in Auckland or Christchurch.

ShowQuip can carry out on-site testing throughout New Zealand – Price on application.

All faults will be reported and priced for remedial work to be done.

ShowQuip maintains service records on all hoists they have serviced so, whether you are selling or buying, a complete history is available.

ShowQuip is the only company in New Zealand accredited by Columbus McKinnon to maintain CM Loadstar hoists.

Showquip is the only company in New Zealand with experience and training to maintain Verlinde hoists.
